Glassboy 330 [330kg]

The Glassboy 330 is a versatile counterbalanced floor crane that is a proven best seller thanks to its easy-to-assemble, highly portable frame, and flexibility to assist in a broad range of applications.

With the ability to handle loads of up to 330kg and a maximum hook height of 2.7m, the Glassboy 330 is a compact and reliable lifting aid. When combined with a range of below-the-hook devices such as GGR Group's vacuum lifters, it is ideal for shop-front glazing and fitting below overhangs. The Glassboy 330 can also be positioned between floors or on rooftops.

Technical Specifications	Capacity	Arm Extension
Position 1	330kg	900mm
Position 2	300kg	1020mm
Position 3	270kg	1140mm
Position 4	250kg	1260mm
Weight (without counterweights)	122kg	
Weight (with counterweights)	408kg	
Counterweights	13	

Key Features

- Capacity: 330kg
- Maximum hook height of 2.7m
- Hydraulic lifting arm
- Optional electric hoist for raising loads from the ground up
- Lockable rear wheels
- Easily assembles and disassembles for transport by van
- Vacuum lifter hired/sold separately
- Weight: 408kg (with counterweights)
