## Kombi 7211-CeDe S002 [900kg]

The Kombi 7211-CeDe S002 has a unique 7000mm long and 480mm wide frame making it the perfect device for lifting long format structural glass fins and curtain walling.

This special vacuum lifter is loaded with two independent vacuum circuits, each designed to safely handle glass units weighing up to 900kg.

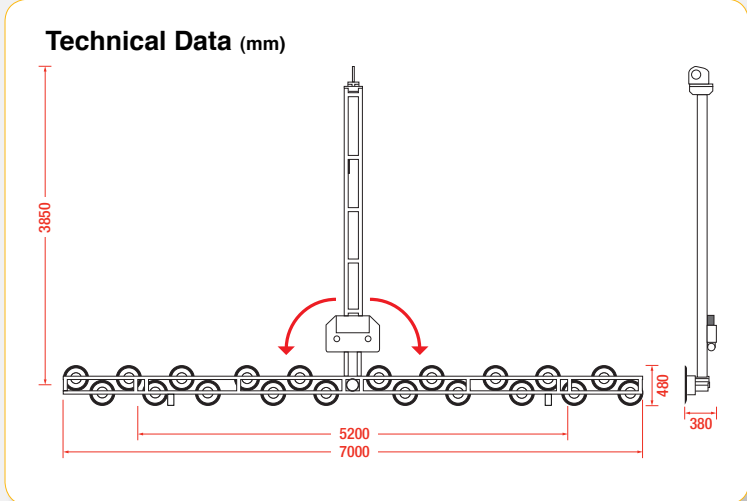

Glass units can be safely rotated into required position thanks to the Kombi's 180° lockable rotation.

### Key Features
